- To enrol in the next semester, every student is obliged to obtain at least 20 ECTS per semester or 45 ECTS in two previous semesters together.
- At the same time, the student is obliged to complete all repeated courses enrolled in the current semester successfully.

Students have to pass the following types of courses:

Compulsory courses

During their studies, students are obliged to complete all courses listed in the table below. Students verify their completed courses using control templates in the IS MU (Student - During studies - Check my studies).

Elective courses

Students enrol in elective courses up to the required minimum number of 120 ECTS. They may choose from courses offered by any faculty. The **list of elective courses** is to be found **here**. Please note that in the list, students may find courses that are compulsory in their study programme. In such a case, they have to choose another elective course. Also, they have to make sure to search for courses in the correct term and read the information about the course to make sure that the level of the course corresponds to their study level.

Diploma thesis

Students of the Management block have to choose a Management-related topic for their Diploma thesis.

Information about studies

Students are obliged to study the **Students** section on the ECON MUNI website, which is full of essential information about their studies.
